**INNOVATIVE ATTRACTION MANAGEMENT, LLC to provide their Turn-Key Attraction Management service and the IAM Elite Aquatic Risk Prevention Program for an exciting new Amusement Attraction in development in Chaguaramas, Trinidad!**

**Windermere, FL (December 1, 2014)** – Innovative Attraction Management, LLC (IAM) announces a partnership with Fouraime Enterprises Limited to provide the IAM Turn-Key Operations Management program and the IAM Elite Aquatic Risk Prevention program for the new, cutting edge waterpark and amusement attraction located in Chaguaramas, Trinidad. This new entertainment offering, includes the design of Aquatic Design Consultants, Inc. (ADC). This park will provide an exceptional guest experience which includes an unprecedented waterpark with unique elements built in plus Family Entertainment Center features including go-kart racing, adventure attractions and an arcade.

Fouraime Enterprises Limited is truly excited at the opportunity to bring a world class Water and Amusement Park to Chaguaramas in the North Western peninsula of Trinidad. An initiative from the Chaguaramas Development Authority (CDA) has allowed private investors to get involved in expanding the horizon of family entertainment available in the Republic of Trinidad & Tobago and we are very proud to be a part of this strategy.

“We will break ground in January 2015 with the intent on opening the Water Park for the summer of 2016. This facility will have rides and attractions never seen before in the Southern Caribbean and we firmly believe that the location will become a hub for family entertainment in the region” stated Mr. John Aboud, Chairman of Fouraime Enterprises Limited.

“We are incredibly fortunate to have this opportunity to partner with the team at Fouraime Enterprises, LTD” IAM President Mike Friscia said. “This facility is incredibly unique that will exceed our guests expectations and we are prepared to exceed Fouraime Enterprises Limited expectations with the implementation of the IAM Management and IAM Elite Aquatic Risk Prevention programs”.

Designed by the waterpark professionals of Aquatic Design Consultants, Inc. (WaterParkTeam.com), the water/amusement park will provide fully integrated, non-stop water thrill experiences that seamlessly incorporate wet and dry features. The waterpark brings to life over two and a half million gallons of water consisting of lazy/adventure rivers connecting thrilling water slide complexes and comprehensive signature rides, with multiple guest areas, dynamic wave pools, a surfing-in-place plaza, oceanfront VIP

cabanas with private pools, swim-up concessions, full retail venues, and much more to create an extreme level of excitement and an overall pleasant vacation atmosphere for guests.

“This is truly a world-class water/amusement park venue that will capture the enthusiasm of residents and visitors of the beautiful Trinidad Island that is part of Trinidad and Tobago. We have designed many such venues in the past, but the natural beauty of our oceanfront setting and the innovative integration of such cutting edge wet and dry experiences for our guests, sincerely makes this a one-of-a-kind masterpiece in the South Caribbean” said ADC President and Lead Designer Kevin McElyea.

The IAM Turn-Key Management program provides the follow to our clients:

- Pre-Opening/Construction
  - Work closely with the Owner, Project Designer and Architect providing vision and support with an “operational” eye
  - Use our industry hands-on experience in support for the project
- Ramp-Up
  - Provide all support to build the operating plan including the recruitment and hiring of staff
- Park Operations
  - Manage the day to day operations

The IAM Elite Guard program has the following features and is designed for water park and resort clients:

- Exceeds recognized safety standards
- Audit reviews for both lifeguards and dispatch positions
- Aquatic incident investigation support
- Litigation support
- Annual park inspection and in-service training session
- IAM/StarGuard Instructor and Instructor Trainer sessions that fit the needs of the client
- Experiential, objective-based training that results in a certificate of completion and a site-specific license and accountability program.

In addition to Mike Friscia, the IAM Executive team includes industry veteran and former Walt Disney World Resort Recreation leader James Harhi and former Ellis & Associates executive Michael Oostman.
